“ *So sorry to hear this! When I worked with Neil he'd always say, "Elvis has left the building" at shift change! So humorous! God Bless you all!* ”

“ *I met Neil in 1994 during nursing school. We only had 3 men (to my memory) and it was a large class of over 40. We all wondered who would drop in those first few weeks. We didn't lose a single guy, but several ladies walked out that first day shaking their heads in amazement at what was expected of each of us. It was like entering into boot camp. Neil was quite and attentive. I remember him having a young daughter he was so proud of and attached to emotionally. I saw her (Ashley) once when his wife came to school to pick him up at the end of the day. Neil was a kind person and focused to complete nursing school. He did well. RIP* ”

“ I cannot believe that I just discovered this page and learned of Neil's passing today. I lost track with Neil a very long time ago after he received his MS degree in Monroe, LA. In fact Neal worked for me at LSU and it was I who encouraged him to go to graduate school and study with Dr. Thomas at Monroe.

Neil and I spend many hours in the field collecting and exploring for plants, it was something he learned to love very much. In 1979 I allowed him to use his work time at LSU to fund a trip we took to Costa Rica for 10 days to look at tropical plants. When I find the photo we took of all of us on that trip in the Jungles of Costa Rica I will come back and post it here.

All these many years gone by and I never knew what became of Neil Carroll, When I think of how close we were in the 70s and that we completely lost track of each other.

Its a shame when you cannot find someone you knew until you read their obituary on line.

I LOVED NEIL so much back then and never thought we would "never" see each other again. Im very glad to know he seem to have a full life and great family. Id love to talk with someone one day, please consider calling if you wish, Garrie Landry 337-578-2311

Rest in Peace dear Neil I will never forget you and all of the fun times we had so long ago.

“ *I always smiled and was happy around him. He also shared my sense of humor. He loved so completely. My heart goes out to all that he left behind. His body gave out too soon but his spirit will be with you always.*
