“ *I met Betty at NEO. We had classes together. When we transferred to Tahlequah, we were roommates. She was always sweet and nice to everyone. She loved her family and talked about all of you. I know she is singing with the Angels now.*

“ Betty was a very special friend, not only did I work with her at Fairland Public School, but we graduated from high school at Fairland in 1963. My special memory of Betty was, when we were in high school we were walking home together and it had turned real cold. I was shivering and Betty took off her sweater and let me wear it until we got to my house. We only lived a couple blocks from each other. I'm telling you, that takes a good friend to do something like that! Loved you Betty!❤️
