“ So sorry to hear of Betty passing away. She was a remarkable lady and I always enjoyed my visits with her. She always took me down memory lane sharing stories of her family. She was very proud of each and everyone. Due to my health problems I hadn't been able to visit Betty like I would have liked to the past year. I will always cherish our visits together. We know she is in a far better place rejoicing with her family and giving them the update of the family here. May God wrap his arms of love around each one and give you the strength during this difficult time. Thinking of you and sharing your sorrow. Maxine Jones
