“ *So sorry for your loss. Bruce will certainly be missed because, although he could be ornery, he was always willing to help a friend out. When we had to move, he was right there with his pick-up and a trailer and didn't stop until we were done. I will never forget that because everyone hates to move but he just jumped in there and we got it done. Thanks, Bruce, you will be missed!*

“ *RIP my friend, you will be missed. All the Tysons memories we shared. You were a lot of fun, and gave my best friend good memories. We lost Christopher a year ago, now you are there with him in heaven. You always came to his birthdays when he was little, now you two can fish together. Fly high and watch over our boy till we all meet again.*

He always looked at the positive side of things even through some very rough times.He showed Love to others so openly and I will cherish my Christmas card and hold it close to my heart forever. Success and Strenght is measured in so many different ways,,God has welcomed you to be with him now with his big open arms so peace will be with you forever! “ My brother, Bruce was always there for me & now he is gone... We were very close especially when we were growing up. Many times we were asked if we were twins. We were actually 26 months apart in age but I thought I could do anything my big brother could do. We had a typical love/hate brother/sister relationship fussing & fighting with each other but would stand up to defend one another in an instance.

I remember on warm summer day he left me home & ran off playing with some neighbor boys. I found some fine sandy dirt & decided to stir him up a smooth creamy mud pie. When he came home I had it in the kitchen topped with whipped cream & fed him a nice big slice. The first bite he swallowed - the second bite he had caught on to my mischief and the fight was on! Of course, I was sorry in the end... We laughed many times about

it. He would smile & say I could even make dirt taste good! I miss him so much!!!!
