“ *Charlie Bill, during your High School years, I considered you my third brother. You were always nice to me and made me laugh all the time. Your happiness could always light a room and you never met a stranger that I know off. I am glad I got to see you a few years ago and you were still that same thoughtful, kind and funny guy. We shared some good memories and laughs. I know that you cheered everyone up where ever you were. When God called you, he definitely needed some help with cheerfulness and making others feel important and happy. I'll miss you and bless your family.*

“ A great friend for over 55 years. Charlie packed more of life in 71 years than most people if they live to be 100. Always generous to me and my family. There are so many great memories from the time we spent together. Will be missed and never forgotten.
