“ *Grandma, I will miss you more than you know. It will never get easy, but at least I know you are no longer in pain. I will never take for granted all of our wonderful memories and love we shared throughout the years, even though we lived apart due to my dad's military career when I was young and my government career and starting a family of my own, we always shared a special bond. I just want you to know you left a mark in this world and your love will forever be remembered and carried on to your great grandchildren. Gone, but never forgotten. May you rest in peace.*

Love Joey, Jess, Julianna and Joey IV.

“ I can't put into words how much I loved and miss my mom. I didn't
say Mother-in-law because she was just like my own Mother. She
had a heart of gold, was larger than life, and taught me how to be a
man and the person I am today. She took me into the family
immediately after allowing her only daughter to marry me when we
were both so young and I can never ever repay her. Dawn loved me
so much and was so proud of my military career. She was always
my biggest supporter. She gained her wings and left behind an
amazing legacy. We will always keep her memory alive! Love you
always Mom!

She was my best friend in LPN class at Gateway Vo-Tech and we just found each other again a couple of years ago. I loved your mom so much and always will. She always talked so lovingly about you all and was so proud of you all. She will be missed and loved forever! You all are in my thoughts and prayers. My love to you ~ Marlo
