“ *George was so good to us when he was in Pittsburgh, we would stay with him and Butch and he would always have us something to eat when we got home from the hospital late at night. I just loved him, he was so kind to us. I was glad I got to be friends with him for the short period of time on facebook. I am so sorry for your loss. Margie Pearson RIP George*

“ *George loved his family. He was a kind man who gave or shared all that he was and all that he possessed. Those who knew George were truly blessed. He did not speak much until he felt like he could trust you, and then you could not get him to stop talking. He knew what he wanted, and was never afraid to ask. George was a Christian man who believed in his savior, Christ Jesus. I loved you dearly and you will always be in my heart. Daniel Cain*
