“ *My dad was my rock.
He was so funny and he was very smart.
When he had his electric company he would come home exhausted
and I would all what's wrong. He said " I'm surrounded by idiots! "
It's tough running your own company I'm sure...
He didn't mean me. I'm smartest kid he had lol... Just kidding, just
like him!!!
My dad lost his mind the last year of his life and he did things he
shouldn't have done but I still love him.
I was also his favorite and not sure why he didn't leave any of his
real family anything like he said all my life hmmm.
Things that make you go wtf...
I love and miss him so much.
Jack Frasier my dad my blood my rock!*

“ *Jack and my grandma Wanda were the best. They weren't your
typical grandparents that we think of , they were spunky and full of
life, and they praised the lord each day. I'll miss jack's loud crackling
laugh the most! ...he is with the lord now and with my grandma. He
is at peace.*
