“ *My dear friend, you left us too soon and all of our hearts are heavy. You were such a positive influence on me growing up. I couldn't wait for your visits from Denver. Always a trend setter-sharing stories of life in the big city and keeping everyone up to date on the latest music scene. You made me more mix tapes than I can count and what I would give to still have them all.*

I remember all of the great times we shared in Dallas, cruising around in Schriever's blow torch convertible Hyundai, going to the horse races, Cowboy games, concerts and of course, the coolest clubs and finest restaurants. It's how you rolled! Nothing but the best for your friends.

Over the years we both raised our families and you always kept in touch. Whether it was a year or five between visits, it felt like we picked up where we left off. That's what true friends do. I am thankful that we've been able to reconnect in Springfield after so many years of friendship. My only regret is that I didn't see you more often. Life is too busy and time passes us by. I will miss you terribly, but find comfort that you are rejoicing in heaven with your precious little girl. God bless and keep you!

I knew Jack from working with him at Marrazi back in the 90's. Still bring in the industry our paths crossed many times through the years. I will greatly miss him being someone I always looked forward to "catching up" with. What a great guy! My thoughts and prayers go to his children and family. Just know Jack had many friends all over the place and that he was loved. Regards, DeDe Dunn

“ *Jack, I will never forget the memories that we made together.....playing on the Little League Tigers, spending the night at each others house when we were young.*

I am so happy that we reconnected when you moved to Springfield. I cherish our lunches together, reminiscing about old times and making plans for spending more time together in the future.

You left us too early, my good friend. There were so many more memories to make.

Rest in peace, Jack. I will miss you terribly !

“ *Jack and I grew up just a few houses away. My earliest memories were playing in his backyard and walking through his parents glass door. Glass everywhere, but his wonderful parents were only concerned with my well being. That was 1st grade. Jack was always liked throughout our 12 years in school together. He will surely be missed but never forgotten.*

“ Jackie...I was so happy to call you friend...I can't remember a time when you weren't smiling...you could light up a room with your presence....you have left us much too soon! I am so glad we got to reconnect and catch up a few years ago...you were still the sweet funny man that I always knew! Heaven certainly has been blessed with an angel....Your time in this life was cut short but you have much more to do in the next life...I miss you Jackie already...we just were in touch a week ago and made plans to meet up....until next time....every day you write the book! One of my favorite Elvis Costello songs....

“ Jack hired me in 1994 to work for marazzi tile. He was a great mentor and good friend. Maybe to good a mentor as I'm still in the industry. Thank you Jack, you will be missed.
