“ I knew John my whole life and he is who I modeled my Stompdance rhythm after he was a huge factor in my leading a dance he would say come on Vince it is just family out here and he would help me along. He had a soothing tone and almost hypnotic sound when he lead, to this day i still try to imitate him. It is not good bye my friend it is until we meet again in the skyworld..

Was born and his name was Zayden john Henry and and john just though it was cool he said you just dont hear of kids being named john henry. He was a man that kept to his self wouldnt ask for anything but was always friendly.
