“ *Most kids in their lives picked Superman or Batman but Dad you were always my hero. Not every man falls in love with a woman of two boys and creates a great life for us like you did. I love you dad. And will always miss you and will never forget you.*

*My Uncle John was one of the smartest and most talented role models I had from a young age.. He jammed out on the drums and always had a cool project or hobby that he would allow me to watch or help with.. He came to my wrestling meets and would actually feel my victories and my loses with me.. High fives when we kicked somebody's ass and tears when we got ours handed to me.. But never did my Uncle John discourage those tears of defeat.. "Men cry too" is what he would say.. My Uncle John showed me how a REAL MAN loved his woman.. My Aunt Kathy was so blessed... My Uncle John showed me what a loving parent was supposed to be like with Jeremy and Brandon.. My cousins had a good one.....
Uncle John you made a piece of me and who I am.. I love you more than I ever told you.... I'm sorry that I hit pause instead of record... Til meet me again.....
Your Nephew..*
