“ I was so shocked and saddened to hear of Judy's passing. All the comments before me express my feelings but I want to add a few more. It was a pleasure to be around Judy - always smiling and laughing, warm, witty, caring - she lifted me up. I always felt better after visiting with her. She and James were perfect for each other - a true love. My deepest sympathy goes out to the family . There will forever be a sadness missing her presence - but she will always be in our hearts.

“ Our first trip to Tulsa I was scared driving her and did like 5mph under speed limit and when we got back to Miami she told me she was also scared lol but I was a very cautious driver and I could take her anywhere since I passed the driving test (Driving Miss Daisy) that's what we called it from that day after! Lol I sure did enjoy working with Miss Judy and getting to have long talks when she came into my office she was always a joy and I always gave her a hug! You will be missed by more people than you know! RIP Miss Judy
