“ We always loved coming from Iowa to visit Uncle Bud and Aunt Lily and see Margie and the kids. As we came down for family reunions as adults, we always made sure that we spent time with Margie. We will really miss her. I wish we could come, but mom (Boots) is not doing very well. Can't wait until we see you again. My heartfelt sympathy and love to you and

“ I have known Margie for many years. We became good friends playing bingo together at several places. She loved to joke and laugh which we did so many times. Her son went coon hunting a few times with my husband Jim Mullin. She will be very missed but always in our memories.

“ I lost my mother 3 years ago on the same day as Margie gained her angel wings. When I lost my mom, Margie stepped right into her shoes. I am so grateful for the love and time she spent with me. On our last conversation I shared with her how much closer to God I have become. She was overjoyed to hear this. She always had just the right words for me and we loved laughing together. Rosie must be the happiest baby girl wrapped up in her loving humans arms once again. Thank you for sharing your beautiful mother with us.

“ Aunt Margie wasn't just an Aunt to her Nieces and Nephews, she was one of "us kids". When the families got together for whatever reason, she hung out with us, not the Adults. She was so full of life, laughter and orneriness. I am so glad I was able to go see her before she got sick, along with another Niece, Barbara Rider. We had a blast that day full of fun and stories. I am going to miss her more than ever, she was one in a million. Prayers for her Children, Grandchildren and the Greats.
