“ I met Mark when we both worked for Goodrich. We were good friends, went to many gun shows together and shared lots of the same interests over the years. I moved away from Fairland and lost contact with Mark for years but in recent times, we crossed paths again by chance and picked up where we left off from the years past. I will surely miss him. I will always cherish the memories of the time we shared together, as friends!

“ I was fortunate enough to work with Mark several years back at Rocket\Aries. I was blessed to be able to have him as a friend. Shared a lot of laughs, and always loved to hear his stories. He will be missed.

“ I knew Mark from our Goodrich days. After the plant closed We lost track of each other. 20 years later I went to work for Fairland Lumber and lo and behold there was Mark. He was dedicated to his family. I remember that every day after work he would go visit his mother in the nursing home before he would go to his home. That was Mark.
