“ *Today was a very sad day for me as I learned of the death of Mr. Spillman. I was a student at Ransom, his first teaching job, and I had him for class and played football and ran track for him. Even though he was just starting in education, he taught all of us many valuable life lessons that have served me very well for many years. I have tried to continue the humanity he modeled for us in my own teaching career. We will miss you coach.*

“ I am so sorry for your loss but remember this is only a temporary parting. You; his beloved family will be reunited with Doug when we put our trust in Jesus Christ. He left behind a wonderful heritage in the lives he changed. I went to school with Mandy and she is a living example of her father's kindness and sincerity. Peace be with you.

“ I grew up with Doug in the small town of Garfield, Ks. Our parents were good friends and Doug and I went through all 12 years of school together. We lived together our first two years at Ft Hays. I won't tell you what all we did, suffice it to say that we laughed a lot. Our lives seemed to go their separate ways and I hadn't seen Doug much in many years. I am glad to see in the previous posts that he touched many of your lives in such a positive manner. Even though we had grown apart I thought of him often. I will miss him. Our sympathies to his family and those who loved him.

“ I didn't know Doug after high school at Garfield KS, but He was certainly my best supporter in Speech Class, when my voice was cracking and my knees were shaking. He was a true friend! I was scared outta my mind to stand in front of people and talk, because I was so shy. He would encourage and support me the whole time, by nodding his head, and giving me a thumbs up, etc. I am so grateful for his friendship back then. It makes me sad the world lost a really great man way too early! Prayers are being said for you his family and friends. God be with y'all in this time of terrible loss and grief. Find comfort in your faith in Jesus Christ.

“*Doug was definitely one of a kind- a true gentleman, educator, and avid outdoorsman. He was always willing to lend a helping hand, give advice, and share knowledge. He would go out of his way to help strangers or friends, and always had a comment that could brighten even the worse day. For these traits and many others he was respected. His presence made this world a better place.*

I spent a lot of time with him in the woods when I was a boy- he was one of the first people to see the first deer that I ever shot. I can still remember the smile on his face and the congratulations that followed.

Every once in a while I run across an S hook hanging from a tree in the North woods. They were Doug's calling card, a sort of notice that was posted for other hunters letting us know that he had killed and dressed a deer in that location. Over the last 25 or so years he bagged more deer than any of us could ever count, and in each location an S hook. Today they take on a new meaning- they are a monument that represents a level of prowess that few of us outdoorsman will achieve, but many of us will aspire to.

Here's to Doug and the new chapter of his journey. May the road always rise to meet you (or nose if you find yourself in the woods), may the wind always be at your back, and may there always be a warm hearth to greet you.

“ My heart goes out to Doug's family. He was my "go to" person while I was superintendent in Miami. When we had a problem, his input and assistance was vital. He was special. I have many fond memories of Doug. He was a great educator, administrator, and friend. We shared many professional, fishing, and hunting experiences.

“ When I was a student at Rockdale in Miami, Mr. Spillman was the principal. I remember how great all of the kids thought he was. He would come out at recess and push us on the swings. We would beg him to sign his name on our hands with a pen and he would. And we thought that was so awesome. I'm very sorry to hear about this. He will be greatly missed.

“ I would like to tell you how sorry I am to hear of Dougs passing. I was hired by Doug at Crest Schools and there was never a better person to work for and that looked out for you. Really enjoyed talking to him about sports, hunting, his cattle herds and kids / grandkids through the years. He had a lot of good stories to tell from his experiences. Dougs was a very special person - could talk to a anyone and would help anyone out. Thought and prayers are with the family.

“ I just seen Mr. Spillman a few weeks ago, he was on golf cart watching his grand kids slip and slide with my kiddos and my bff daughter. Mandy was there and I yelled at mandy do you not know who I am, and Mr.Spillman, ya I do, its Mallory, and Mandy came up and hugged me. It was good day, we watched the kids slip and slide for hours. I am deeply sorry and sad for the family. I will be praying and asking for comfort for all them. Mandy and my sister grew up together being best friends and her dad was good friends with our parents. “Poppy Doug was an amazing man. He meant more to me than I can explain. He was the reason that I got my first teaching job, for that I will forever be grateful. I have so many memories of Doug on work trips, all of them bring a smile to my face and make me laugh. Doug had a laugh like no other that made you laugh just hearing it. For all the Head Start office girls, I'll never forget him saying, "Here Kitty, Kitty!!!"

Mandy, Ky, and Addy I love you girls so much! I will be there for you whenever you need anything!

“When I was in grade school at Rockdale my foot slipped under the fence and got cut open during our morning run. I called my grandmother to come take me to get stitches. When she arrived, I started to hobble out to the car when Mr. Spillman scooped me up and carried me. I will never forget how tall and strong he was! He was such a compassionate person and that moment has stuck with me for 23 years.

“*Im sad to hear about Mr Spillman. He was my principal when I attend Roosevelt Elementary. I remember he always came out on the playground and pushed us on the swings. And everyone always got so excited when he did. He would push us so hard and so fast. I went to a lot of schools when I was younger because my father was in the military. And Mr Spillman was by far my favorite principal. My thoughts and prayers go out to Mr Spillmens family.*”

“*I applied for a job at Crest High School where Doug was the superintendent. On my application it had asked, if you had any fines other than minor traffic violations. I had responded that 10 years earlier I had got a fine for putting a doe tag on a buck. Doug called me to set up interview and the conversation went like this... "Mr. Conrad, this is Doug Spillman from Crest School, would you like to come in for an interview? Before you answer Mr. Conrad, I want you to know I always have an extra buck tag if you need one." . That was my first conversation with Doug . Doug hired me and that was the start of a great friendship with one of the finest people I have ever known.*”
