“ Monte was the first person to come see me after my mother brought me home from the hospital. Monte and I were thrust together in various situations throughout our entire lives. He called me his sister for most of our lives, even when my dad bought his old house from his dad and we moved in next door . I knew from a very early age I was created specifically for Monte. It took Monte an almost Saul of Tarsus experience to make him see the light. When he finally did, all the missing pieces in our life fell together. I am so blessed to have been the last one to have his eyes light up for when I entered a room. I am so blessed to have lived his last 3 and a half years with him. My life is complete because he made it that way. I cannot stress enough how much I will always miss you, but, I promise you in death, as I promised you in life, I will do my very best to keep your honor in tact and not do anything that would have wiped the smile from your eyes. I loved you for almost 50 years, baby. Death will not stop that. Thank you very much, for giving me your last name and sharing the remainder of your years with me. I am truly honored.
Your loving wife,
Missy Linn Woods

“ Monte seemed to always be in my life. When he and my sister got married, it seemed right. I wish we would have had more time with him, but through losing him I saw how strong he actually was. We will miss you Monte.
We love you Brother.

“ *Monte Ray Woods. Always remember his smile, easy demeanor and innocent enthusiasm in his accomplishments. Knowing him since I was 7 made it easy to call him brother when Missy made him my brother-n-law- but really missing him at this point because he has always been my friend. I thank God that heaven is his home. Blessings to all his family and friends.*

“*Monte you were a mess sometimes. But I have such fond memories of the years you were around at the ranch so much. You always kept me in stitches with your silliness. I'm really glad we had gotten reacquainted this last year and was able to talk and visit and remember some of the good times. But mostly hearing you talk about your children and wife, I could tell you were happy. I will miss my text messages from you every once in awhile just to visit. My heart aches for the pain your family is going through. Your no longer in pain my friend. Rest in Peace.*”

“ I met Monte thru my husband, Tony. Tony and Monte grew up together. I have heard a lot stories of how much trouble they got into. Monte used to just drop in to visit us at home and it never failed that he was always hungry. So as soon as he arrived I'd go start cooking or warming up food. He always wanted us to make him more stacked enchiladas. When I would see him out and about he would ask me when I was going to make him some. I wish now that I had had the chance to do so. Life gets busy and we don't stop and make the time for each other as we should. I will miss Monte Woods!! I'm glad to know that you are up there watching over all of us. We will see you again one day!!

Monte and I worked together at Dana and he was so fun to work with, he was always coming up with some kind of contraption he had thought of, we shared the same desk and he was always doing some prank one so one time I got him back, I bought those booby trap firecrackers and tied them to the desk drawers and sit back and watched, he opened one up and jumped and ran, he sat back down and a little while later he opened another one and needless to say he never pulled any more pranks on me.. I will really miss you Monte but I know you are fishing, golfing and hunting..

“ There are way too many memories to share just one. I want to thank you for choosing me to be your wife for 13 years. Through that time I loved you and your little girl Sheena. Was very honored to be a part of the Woods family all those years. They were and are such a caring family. Mostly want to thank you for the two wonderrul little boys that have now turned into amazing young men. They love you and will always miss you, but the memories they have will allow them to love you and remember you forever. I met your youngest sweet daughter, Jennica, this past week. I think of your four children she looks the most like you. I was so glad when you married Missy three years ago because the boys and I hated you being alone. You have an amazing group of family and friends that loved you and are going to share their memories so you will live on. Thank you for allowing me to be a part of your life. I know you are in Heaven now with God and that is such a comfort for those left behind. You are healthy and whole now, but loved and missed here on Earth. Till we all me again.....

Love Always,

Tracy Mendez
