I am just now finding this at 21. Nellie was not only my great grandma but my best friend and birthday twin. She never really talked to me like you typically would as in the fact she would have some deep thought provoking conversations with me because she saw my interest and pure intentions of just being curious. I miss her more and more each day but she will never be forgotten

“ *What a joy it was knowing Nellie! I loved our times together and looked forward to seeing and being with her. She was such a character and laughed all the time. I loved that about her. I loved how she told me how to drive; how she was so devoted to her dog, Chloe; and loved the stories she would tell me about her family. Nellie was so proud of all of them. I will miss her so very much. She made such a difference in my life and I am a far better person for knowing that sweet woman. What a blessing to me she was! I will always love her and never, ever forget Miss Nellie.*

“ *I worked at the hospital with Nellie. She was always so kind and she had a big smile that lit up the room. I was thrilled to see her at church on a regular basis. I am thankful she has finished her race. I pray that the LORD will bless and comfort her family and friends. Nellie will be missed.*
