“ Connie,

I was saddened to receive news of your mother's passing. I remember your home as warm and inviting because your parents made it so. Your mom always had such a genuine easy smile that made me feel welcome. It's so hard to return our parents "home" but she was blessed to see her children grow and meet the next generation. May you find peace and joy in the many happy memories of her that will continue to live on within you. Please extend my sympathies to your dear dad.

“ Connie,

I am thinking and praying for you and your family during this time. This pictures looks just like your sweet Mother. She always had a smile and that is the way I will remember her. After the brave battle that she fought, she is now resting and will have no more pain or discomfort. I know today and tomorrow will be hard, but knowing your Mother, she would not want you all to be sad. Take care and please, please let me know if there is ANYTHING I can do for you other than be there when you need a shoulder. You certainly have helped me through several rough days.

*Love to all,
Margaret*

“ Pat was a very special lady and she was loved by everyone she worked with at Washington Elementary. She always had a smile on her face and the children knew she cared about them. I truly don't believe the school could have run without her. Pat certainly took good care of me when I came to Washington as a new teacher and I will always appreciate her patience with all the questions I had. I will miss Pat very much.
