“ I have never been good with words, or showing my feelings to others. But I wanted to say to Robert Rita Angie and Danny , I am so sorry for the loss of your father, Now to feel the loss you guys have felt in the past and present, I fear I can't handle what you have endured, the strength you must have , to show your families how much you have cared and continue to care for each and everyone . I love you guys and hope when it comes time that I will be able to show my family the same amount of courage and strength you have shown, God bless you all.
