“ Jean, and family I was so sorry to hear of Paul passing, you are in my thoughts and prayers. When I worked in Miami and I saw you and Paul walking it always brought a smile to my face, and I always missed seeing you when you were not there. I always enjoyed visiting with you and Paul in your living room, and listening about a story about when you and Paul met and started your lives together, or about Paul when he was younger and living in Gore and playing baseball , or about living in Indiana.

*I moved to Grove and didn't make it over to Miami as much unless my back was out and i was going to the chiropractor, i sure wish my back would have been out a lot more the last couple of years and i would have visited with Paul a few more times.*

*I also enjoyed the times when I would find Paul out in the backyard or tinkering in the garage, he would stop what he was doing and take time out for my visit and we would sit in a chair or a swing. Paul was really proud of his family, telling stories about his children and grandchildren and what they had going on in their lives. He always told me how important family is and how much he loved you Jean. Paul also talked a lot about church and God, and Paul was always very involved with his church activities.*

*Paul was also very proud of Steve and Tinker and Jimbo. Paul was always telling me how much OU memorabilia he had in the house , garage and attic. He always told me he was going to dig it all out and display it, im glad that he was able to get that done. I am very proud that Paul had given me a few OU items from his personal collection for me to add to my collection. I am proud not just because he gave me items from his collection and that they were from one of my heroes Steve who is also a great football player and a great man but i am proud because they came from Paul a great man and a great hero that i called a friend. Paul you will be missed but never forgotten.*

*God Bless*
