“ Ruby was my best friend when I changed to Qupaw school. We were friends all through high school. We kinda lost connection after I married Tom shortly after I graduated. We had so much fun together. We worked at Blue Castle together each took turns driving. She would always fill her oil up in her car and CK it because it lost oil. We went to dances and dragged Miami together. Had a blast at everything we done together. I spent many nights at her house. I still remember her telling me to look behind her headboard. She stuck her gum there. I am quite sure as picky as Katherine was she flipped when she later found it. She was the best. Loved to talk about her grandson and share things even on messenger with me on Facebook. I know you are loving seeing Mike and your momma. We will miss you sweet friend and your beautiful smile. You will always hold a special place in my heart as two young teenagers and our giggles.
