“ *Cheri, Brandi and Beau, I did not know your Mother but have always heard such nice things about how sweet and caring she was. I read this piece a few days ago and after thinking about you losing your Mother, I felt this fits her.*

A life well-lived doesn't end anymore than music ends. It echoes through time with whispers of beauty and grace. If we listen, we can hear the encore with our hearts, for the song plays on, just as love lives on. May you always cherish your memories of your growing years. For as long as you have memories, she will always be with you.
