“*Tabrinna is an incredible person who happened to be an amazing nurse. Her love of people was evident in the way she cared about her family, friends and coworkers. She sure loves her kids, Nichole and Jakob. They were constantly on her mind and when she did ask for prayer it was usually for them. Tabrinna will be missed with good times and memories. May God be with the family for strength and peace.*”

“*Miss Tabrina was one of a kind. The many times I was off work sick she was always checking in on me. Even up to the end she was trying to help me. “*Tabrinna was a warm, kind, caring, supportive person who had a passion for helping people. She had a calling for hospice. I worked on home care side, but that did not make a difference we were all family. Her heart was big and loving for all work family, as well as her family, which she loved so much. She will be greatly missed. My thoughts and prayers are with all.*”

“ I have had the privilege to work with Tabrinna as the hospice chaplain for almost three years. She was a go getter to say the least. She was the best RN I have known, she loved her patients, their families, and all of our staff. Most of all she cherished her family and she shared with me them about them often. Your memories will live on in our hearts forever.

“ Tabrina was such a wonderful coworker and friend, always supportive, a great problem solver, and protector. She loved her people, family, co-workers, and friends. She took care of everyone, leaving snacks when you were having a bad day, encouraging texts. Tabrina was playful and knew as a hospice nurse how stressful and emotional our jobs could be so she kept us laughing with her pranks and tricks. Tabrina was especially proud of her family, Shawn, and their two children who were her pride and joy. Thank ypu Tabrina for your friendship, you will forever be missed.

“ *Tabrinna always knew the latest rules and regulations. Always on her A game. She was the perfect one to pull the perfect prank. Such as maybe scrambling the keys on your keyboard or possibly put a sticky note on your mouse. Definitely will miss our conversations of the day and our cup of coffee.*
