“ Wendy has been my dear sister for 30+ years. When I think of her I hear her amazing laugh. Always a funny story to share! I remember one of her favorites to bring up was when we were riding on mama's scooter together, I took the turn too fast and we went flying off that thing and I landed right on top of her, knocking the wind out of both of us. We laughed over that for years. I am so thankful I got to hug her one last time this past November. I love her dearly and will miss her greatly. Love to my brother and my nieces and nephews
