“ I'm so sorry to hear of Aunt Wilma passing. Alot of my guitar playing style was passed down to me. I could never figure it out how she picked and the sounds she made last time I heard her play. My thoughts and prayers go out to all of my cousins. I Love you all God bless you from the bottom of my ❤️❤️❤️

“ My grandma was such a good woman and did everything that she could, I'll never forget anything about her but then again how could I? She played such a huge part in my life. I'll never forget the way she loved to sit outside on summer days, or how she played and sang the guitar or the fact that she called me baba up to the point of being a teenager, our secret peanut butter cups, I cherish everything about you grandma and your so dear to my heart and I love you. I miss you more than life. If love could have saved you you would have loved forever, in the flesh in my heart is where you will remain alive for the rest of my life.
